you to safely transport a dozen arrows. Plano's patented PillarLock Protection provides exceptional support in the center of the case to protect sights and rests. The Bow Guard All Weather Case can accommodate bows up to 43 inches from axle to axle and will keep your equipment safe while traveling. For more information, see your dealer and/or log onto planomolding.com.

Innovative **Fusion Vanes** from **Norway Industries** combine two different polymers to maximize both adhesion and durability. The base of the Fusion Vane is made from a softer polymer for superior adhesion. The blade of the vane is constructed from a stiffer polymer and features a slight taper from base to top. This unique construction yields extraordinary toughness and durability, along with superb flight characteristics. The Fusion Vane's strategically modified silhouette increases the surface area of the most critical point on any short vane—the upper back edge—to provide unmatched broadhead stabilization. For more information, see your dealer and/or log onto duravanes.com.

Looking for a convenient, mess-free deer scent that's easy to apply? Look no further than **Dab-A-Deer Buck Lure** from **Scorpion Venom Archery**. This powerful deer attractant comes in an easy-to-use stick formula. You simply pull off the cap, twist the bottom of the tube and apply Dab-A-Deer to a boot pad, drag cloth, stick, limb, stump or tree trunk. Long-lasting and
